

Previously known as: Powerflex® 80-400

Cold

Medium Duty

## Excellent insulation and comfortable handling in cold conditions

- Ansell's ActivArmr 80-400 glove is a general purpose glove designed to provide outstanding insulation from cold conditions and high levels of comfort and grip
- This glove combines a thermal terry loop acrylic liner with a naturally insulating latex coating, ensuring excellent insulation against the cold. The glove provides comfort and protection for the wearer in temperatures as low as -15°C/5°F (extended contact) and -30°C/-22 °F (intermittent or short contact)
- With a bright yellow terry loop acrylic liner, the ActivArmr 80-400 glove offers extra high-visibility in low or poor light conditions. This extra visibility brings additional safety for external workers when it's getting dark

### Industries

- Construction
- Forestry

### Applications

- Shipping and loading of product
- Construction
- Outdoor Winter Use

Previously known as: Powerflex® 80-400

### Key Features

- High visibility with seamless yellow thermal terry liner
