

MADE IN USA CUSTOM VESTS

READY IN TWO WEEKS up to 300 pieces

TYPE O / CLASS 1 - OFF ROAD • ANSI/ISEA 107-2015 • MADE IN USA

Radians Type O, Class 1 vest styles provide the ability to utilize color blocking so you are not only enhancing the visibility of the worker, but also offering the added value of providing a vest that helps ID at a glance individuals with critical roles. This is a great product for Construction Safety Professionals on projects during construction. Color designation is very helpful when distance is involved. For example, crane operators need to be able to quickly identify who their marker is while far away, and differentiation of color in their vest is the easiest way to do that.
