NEW

Long-reach metric diameters available
in 12, 16, 20 & 25 mm

Long-reach
geometry for
superior stability
up to 5XD

Long-reach fractional diameters available
in 1/2", 5/8", 3/4" & 1"

Improved and simplified
coolant hole design provides
a more complete coolant
delivery.

Available in square
and corner radii end
configurations

NEW EXPANDED APR-3 RANGE

Long-Reach Roughing Tools for Aluminium

ADVANCED PRODUCTIVITY ROUGHER

- 3 flute variable pitch geometry for reduced vibration.
- Full slotting capability up to 5XD reach.
- High Material Removal Rates (MRR) at long reach.
- Enhanced side exit coolant holes for maximum MQL delivery.
- Ti-NAMITE-B coated for extended tool life.
