

Item # 20135778, INSTA-LOCK Fitting TYPE F Male Adapter x Male NPT Thread F200AL 2 in Aluminum

APPLICATION: Type F fitting is normally threaded into pipe or manifold connections and mated with Part C, Part B, or Part D. Used in applications that require frequent connections. Insta-Lock™ fittings are designed for liquids and dry bulk. Consult the chemical resistance guide for specific chemical recommendations.

BRANDING: Example: Continental Contitech F200SS

PRESSURE RATING: Sizes 1/2"– 2", 250 psi; sizes 2 1/2"– 4", 150 psi; sizes 5"– 6", 75 psi. Recommended working pressure ratings based on ambient temperature (70 °F).

Note: Continental Contitech Insta-Lock Fittings are never to be used in steam or compressed air service. Continental Contitech Insta-Lock Cam Arms are designed exclusively for Insta-Lock fittings.
