

ZOLL AED Plus®

Setting the benchmark for design,
dependability, durability, and performance

ZOLL®

AED Plus #8000-004000-01

When it comes to helping a victim of sudden cardiac arrest, not all AEDs are created equal. Unlike other AEDs, ZOLL® AEDs support rescuers with integrated, real-time feedback on compression rate and depth. Recommended by medical professionals, the ZOLL AED Plus® defibrillator with Real CPR Help® technology guides rescuers in performing high-quality CPR and provides integrated audio and visual feedback to support you throughout the rescue.

Smart. Ready. Trusted.

- Audio prompts and visual icons complement the American Heart Association's Chain of Survival
- Compression depth indicator that provides real-time visual guidance
- Adaptive metronome designed to help rescuers provide compressions at an adequate rate
- Automatic self-testing helps ensure a state of readiness
- Fully automatic feature available
- IP55 can withstand conditions like extreme temperature, altitude, vibration, and shock
- Off-the-shelf lithium batteries (Duracell 123a) with a 5-year battery life
- Intelligent pediatric capability: Pedi-padz® pediatric electrodes can be purchased separately for children up to 8 years old or weighing less than 55 pounds
