

Buy Any COMPACT DIE GRINDER and Receive 20% OFF Standard Discount

Industrial Grinders

Sioux has a great selection of inline and right angle grinders with collet sizes from 1/4" to 1/2" & 3 mm – 8 mm for a variety of applications. Speeds range up to 25,000 rpm to get the job done quickly and efficiently. Some models offer a choice of throttle control that is most convenient and comfortable for the operator. We also have extended models that fit into tight, hard to reach places.

Heavy Duty Spiral Bevel Gears for Smooth Operation and Long Life

Dual-Tapered Collets provide Secure Clamp Loads and Deliver Superior Run Out Characteristics
